CHICAGO (September 24, 2008) – The Profit Sharing/401k Council of America is pleased to announce the winners of the 2008 Signature Awards competition. PSCA Signature Awards honor excellence in profit sharing and 401(k) plan communication and education. Winners of this year’s Signature Awards were announced at a special ceremony at PSCA’s 61st Annual National Profit Sharing and 401(k) Conference and Exhibition on September 17, 2008 at the Gaylord Opryland Resort Hotel and Convention Center in Nashville, Tennessee.

PSCA celebrates the continued success of the Signature Awards program. This year, 58 of the 237 entries were awarded recognition in 18 categories. PSCA also received immense support from its member volunteers. A distinguished judging panel of business leaders and employee benefit communication experts chose the 2008 winners based on how companies design, manage, and provide profit sharing and 401(k) plan communication and investment education to plan participants. Signature Awards judges carefully review how effective the campaign was at achieving its goals. PSCA’s generous volunteer base contributes significantly to the continued success of the Signature Awards program.

PSCA Signature Awards also provide companies a unique learning opportunity through the annual *Signature Awards Magazine*. Winners are listed in the magazine along with an article that describes the details of the companies’ campaigns and their specific results. A new feature in the magazine this year is the “Keys to Success” at the end of each article. These tips give plan sponsors ideas from winning campaigns that they can implement at their own companies to improve their communication and education programs. Other member companies receive this magazine and can apply the winning techniques to their own defined contribution plans. Attendants of the National Conference, as well as PSCA members, received a copy of the *Signature Awards Magazine*.

The following is a complete list of the 2008 Signature Award winners:
